

Do you...

Struggle with mental illness?

Lack access to a psychiatrist?

Have no insurance?

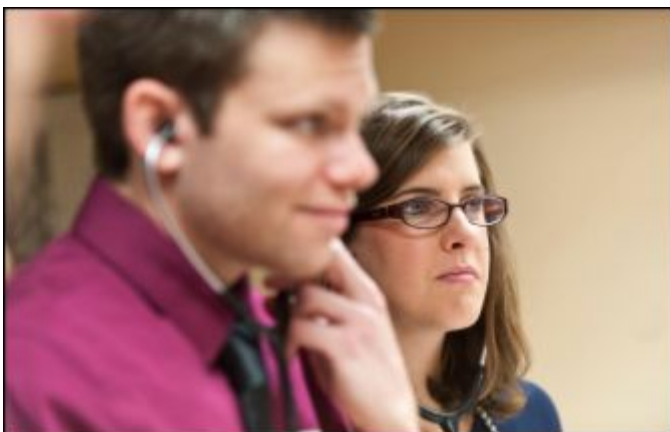

Then come to the MIND Clinic!

What is The MIND Clinic?

The MIND Clinic is a free, outpatient psychiatric clinic for uninsured individuals in Tucson. The clinic is run by medical students and volunteer psychiatrists. For an appointment, please call us at (520) 428-4834.

During the pandemic, we are doing all appointments via video call.

What does The MIND Clinic do?

We provide psychiatric assessment and medication management for adults and children with anxiety, depression, OCD, bipolar, schizophrenia, or any other mental illness. We do not provide addiction or substance abuse treatment. We do, however, provide child therapy services.

What does it cost?

Physician visits are free, and we use low cost medications when possible.
